Rankings that Stayed the Same	786
Total Rankings Gained/Lost	↑1201

HOW WE DID IT:

Technical SEO

- Robots.txt Evaluation (communicates to search engines which pages will be indexed)
- Compromized Site Evaluation (hacked, virus, broken)
- SEO Work Integrity Evaluation (was SEO work removed or altered?)

Off-Site SEO

- Google My Business Dashboard Review (accuracy, optimization quality)
- Inbound Link Volume (monitoring inbound link growth and loss of key links)
- Geographic Targeting Review (local [city, state], national, international)
- Search Engine Crawling (delisted by a major search engine?)
- Search Engine Submissions (beyond Google and Bing)

On-Site SEO

- Content Optimization Effectiveness Evaluation
- Search Engine Visibility Evaluation (did search visibility increase over prior month?)
- Keyword Volume Check (did volume of ranked keywords increase over prior month?)
- Google Search Algorithm Evaluation (will Google search algorithm changes impact the website?)
- Devalued Content Evaluation (identification of content that Google weighs lightly or ignores)
- New Content Identification and Review
- Nurturing up-and-coming rankings (low hanging fruit)
